

Summary of the "Scott Wilson" car parking recommendations to SDC

Overall

It appears that the cause of parking problems in Wotton-under-Edge are not the lack of adequate capacity but rather inappropriate use of the off-street facilities.

General Improvements

- Need for better enforcement of car park restrictions to eliminate illegal parking and overstaying in parking spaces.
- Improved lighting to those areas used for night parking.
- Better signing of the public car parks.
- Provision of cyclist facilities to reduce demand on car parking space.

Chipping Car Park

- Long stay spaces reduced to 10.
- Two extra disabled parking bays.
- Paint markings need to be renewed.
- Movements around aisles to be made one-way.
- Symn Lane and Market Street to be one-way.

Civic Centre Car Park

- Restrict car parking to 3 or 4 hours.
- One extra disabled parking bay.
- Promote as the main long stay car park in the town.

Co-op Car Park

- Restrict parking to 2 hours and no return within the two hours.
- Improve layout to facilitate better maneuverability.
- Two extra disabled parking bays.

Potters Pond Car Park

- Encourage use as long stay.
